## Wahiba Sands, Bar Al Hickman Beach & Jebel Shams

A stylish comfortable mobile safari, encompassing six nights and seven days in beautiful northern Oman taking in much of Oman's impressive scenery and covering desert, coast, mountains, traditional towns and souks.

Accommodation is a combination of six nights in your very own private camps in the Wahiba Sands desert, on the stunning beaches of Bar Al Hickman and on Jebel Shams.

Sleeping tents vary according to the season but are always appointed with proper mattresses, crisp cotton linen, pillows and traditional furnishings. Each sleeping tent has its own private bathroom tent, open to the skies and furnished with soft towels, basin, shower, a toilet and a selection of soaps and lotions.

The camps offer a large, evocative majlis, decorated in a style in keeping with the ambiance of the environment, with cushions and rugs, topical books, boules, board games and yoga mats. At the desert camp we will offer sandboarding and at the beach camp we will have 2 Stand Up Paddle Boards available. Dining is at a properly laid table under the stars beside a crackling fire. Food is, as far as possible, locally sourced, freshly prepared by our camp chef and always delicious. We use limited electric light, and the emphasis is on preserving the atmosphere through natural lighting provided by candles, oil lamps and camp fires.

### Day 1

Leaving Muscat after breakfast we make our way through Wadi Mayh to the coastal road that runs between Muscat and Sur. After a short stop at the Bimah Sinkhole, we turn away from the sea and head up the northern face of the eastern Hajar Mountains. We follow a steep gravel track that, in a short time, takes us to the peak of the impressive Selmah Plateau over 2,000 m above sea level. Views to the north are of the Arabian Sea and, to the south in the hazy distance, the Wahiba Desert.

This track passes ancient villages that were, until a couple of years ago, only accessible on foot or by donkey. We visit the village of Al Jayla village, home to one of the 5 Falaj that are included in the UNESCO World Heritage site of the *Aflaj Irrigation Systems of Oman*. The Falaj has even been documented on one of Oman's bank notes. After some time to walk

around the villages and a tasty picnic lunch we drive to one of the numerous beehive tombs present on this long, west facing ridge, built by the Umm Naa people around 2500 BC.

By mid afternoon we leave the mountains and head down towards the Wahiba Sands through Ismaiyyah. Passing the 18<sup>th</sup> Century fort at Mudayrib, we leave the tarmac road behind to enter the desert and drive the final stretch on sandy tracks before reaching our camp, set-up with the russet red dunes.

The Wahiba Sands is a stunning desert of parallel valleys of sand dunes stretching north to south. Bedouin live, mostly on a seasonal basis, in the dunes tending to their camels. Our camp will be nestled deep within the desert, away from other tourists and light pollution from streets and villages at the desert's edge. The skies are crystal clear and covered with stars.

## Day 2

Watch the sunrise over the imposing Sharqiya Sand dunes from camp, or for the more energetic, make your way to the top of a dune.

After a relaxed breakfast, we drive out of the desert to Wadi Bani Khalid, one of the greatest, most dramatic wadis in Oman, a green oasis spectacularly set against a mountain backdrop. The village still farms in a traditional manner growing dates, bananas, mangoes and papaya. A walk through this remote and little visited community provides an insight into the lives of Omanis now and in many ways as they have always been. The wadi flows out of the village and into a dramatic and steep sided canyon, which winds up from its entrance, occasioned by rock pools ideal for a quick dip. The route is a combination of boulders, hiking and swimming that is great fun. After the visit of the Wadi, we will serve a Hud Hud picnic lunch in a shaded spot.

On the way back to the camp you could try your hand at a little off road driving in the sands when we put you behind the wheel of a 4x4. Under the expert tutelage of our seasoned Omani drivers, you will be given little tips and tricks about how to rescue even the most deeply embedded vehicle. Sand boarding can be organised in the late afternoon or, alternatively, you can just relax and soak up the views before enjoying a fantastic dinner served beside a crackling log fire.

## Day 3

After breakfast there is an opportunity to visit a local Bedouin family for traditional Omani kahwa (*coffee*) and dates. This brief meeting provides a means of better understanding how the people work and live, in what can be perceived as an extremely harsh environment.

We then jump into our 4x4s for a 100km crossing of the Wahiba sands and an opportunity for you to further hone your sand driving skills. Depending on which route we take we can have our lunch and take a quick dip where the dunes meet the sea at the fishing village of Qihayd and continue south along the coast or have lunch in the desert before continuing further south. Once we reach Bar Al Hickman, we will cross a 40km salt flats before reaching our final camp, set on a white sand beach at the Indian Ocean. Bar Al Hickman is a large salt pan that is home to a vast community of sea birds as well as a host of migratory birds.

## Day 4

We will enjoy a leisurely day on the beach with fishing, beach driving, snorkelling and Stand Up Paddleboarding or perhaps we can visit the local towns and buy fresh fish if we don't succeed in catching our own, which our chef can prepare for dinner.

Alternatively we can drive to Filim to see the flamingos and onwards to Khalouf village and the nearby Sugar Dunes where we can have a swim before returning to our camp (this will be about 2 hours each way).

## Day 5

After a relaxed breakfast on the beach we wind our way north and our route takes us through the small market town of Sinaw. This is where the Bedouins come to do business and the souq, particularly on a Thursday, can be a thriving and fascinating affair with all the hustle and bustle of a Middle Eastern market at its finest. Sinaw souq is amongst one of the oldest preserved souqs in Oman and one of the few places you can find traditional silver Bedouin jewellery.

Another tasty picnic lunch will be served on the way.

After lunch we can make a stop in Nizwa to visit its fort (the Souk will be closed at this time), before we continue to Al Hamra and Wadi Ghul at the foot of Jebel Shams from where we take the track to the edge of the Omani Grand Canyon.

Your camp will be set up nearby, offering magnificent views over the jebel.

Upon arrival at the private camp you will be greeted by the Hud Hud team with cold flannels and a refreshing drink and given some time to settle in. Relax from the comfort of your tent, or in the majlis, and soak up your surroundings before going sunset viewing.

Enjoy some nibbles and drinks while our chef prepares a tasty freshly cooked dinner.

## Day 6

We can spend today exploring Jebel Shams – the highest point in Oman. We can take a leisurely ‘balcony walk’ along the edge of the ‘Grand Canyon’ (approx 4 hours return walk) before we continue to a viewpoint further towards the summit to have our picnic lunch. From here, you can see (on a clear day) all the way towards the coast and into some of the wadis such as wadi Mistal. For those wanting to do some more difficult hikes, it is possible to do part of the 8-10 hour hike to the summit where the views are extremely rewarding, or the 4 hours hike down into Wadi Ghul below (both these options would require a specialised guide, which can be provided upon request at an additional charge). Or we can add some more adventure such as the via ferrata (starting at the end of the balcony walk) or abseiling with one of our adventure partners.

If this will be a Friday, we can make an early start to visit the Cattle Market in Nizwa, only held in the early morning on Fridays. After a walk through the adjacent Souk and a visit of the Fort, we can head towards the UNESCO listed town of Bahla, famous for its fabulous old fort, 'souk' and handmade pottery. The town of Jabrin is not much further and is home to what is considered by many to be Oman's most impressive fort, built during the Ya'ruba dynasty in 1688 and a marvel of a castle. We can then do the balcony walk in the afternoon.

Return to the camp for dinner and overnight.

## Day 7

Following a leisurely breakfast at camp, we wind our way back down to Al Hamra. Winding up the rocky hillside, is the small ancient village of Misfat al Abriyyin with its picturesque collection of ochre-coloured stone buildings, giving it a somewhat medieval feel. A walk through this pretty village of twisting lanes and covered passages brings you to the falaj (irrigation system), which runs below the village, surrounded by lush bougainvillea, banana palms and other greenery.

We then make our way towards Balad Sayt, a beautiful mountain village, for a delicious and freshly prepared picnic lunch and a walk through the village.

After lunch we continue our descent through the impressive Wadi Bani Auf. This route takes us through the Hajar Mountains, with a steep descent and is considered by many one of the greatest and most memorable off-road drives of Oman. We pass through some very rugged and extraordinary mountain scenery, through small jebel villages and often through plenty of water on the track.

We exit near Rustaq and take the tarmac road to Muscat, passing the village of Nakhl, home to a restored fort surrounded by date palms and Ain a’Thawwarah hot springs. Invigorated we arrive back to Muscat in the late afternoon.
